Thank you Japan for Guns Trivia first look of your country. We would like to thank the thousands of people who attended our concerts and the millions who found us on radio and our MTV. We would also like to thank the many people behind the scenes. The support during our live performances, photographers, film makers and MTV/SONY for making this our first look at Japan a very pleasant and successful experience. This record which was recorded in 1988 is a sampling of the music and excitement we shared with you in our performances, and if you missed it we hope to see you next time when Tom, Robby, Don E. and I come again to Japanese enjoy your country and play our music for you.
