ON TOP OF THE WORLD

You're on top of the world
On top of the world and you can't
Get any higher - You're on top of the world
You're on top of the world tonight

I wasn't easy - I was hard as hell
You didn't get lost in a number - well
Now we're on top! - but we made pain
Worth it - always for anything

Learned how from a trouble maker
He was tough, she was wild as a flower
Died without and had no flowers
She's going away for

There he got religion and she got a god
It was her fault - it's in his job
And it costs a lot of money - money - oh, no

Breakdown nearly every day
Shouldn't have - couldn't get away
Get lucky with the girl next door
She was lovely and didn't care

She was young, she was hot, she was hot
Shopped around around you - with her store
You'd explain if she would teach you more
Teach you more - teach you more
Tonight, tonight - you're on top of the world
You're on top of the world - and you can't get any higher

You're on top of the world - you're on top of the world tonight

Tonight, tonight - tonight - tonight
You're on top of the world and you can't get any higher

You're on top of the world - you're on top of the world tonight

Can you hear me
Can you see me
You're on top of the world tonight

[Repeat and hold]

HOT LIPS

The ladies
The ladies
Whatcha gonna do when the lights start blinking
The ladies
The ladies
Whatcha gonna do when your head's exploding

You you relaxed even when
The fever already let loose
Today money rules
And everybody stands it

The ladies
The ladies
Whatcha gonna do when your stomach's burning
The ladies
The ladies
Whatcha gonna do when your guts are churning

You had a life of crime
You got to go straight
You know I got your love
You know they're not to get you

The ladies
The ladies
Whatcha gonna do when you get religion
The ladies
The ladies
Hope you didn't get it on the television

[1 Repeat]

[2 Repeat]

HOT LOVE

Hot love if you want it
Get the love if you want it
Be around when you call me
I'll be around for the fall

Hot love is for sale
The love is just right
Hot love keeps you healthy
Oh, hot love, hot love, it's a crime

When I see your little temperance tin
The love I wasn't supplied
To see you smiling
Hot love will burn
Hot love will burn your heart

[1 Repeat]

[2 Repeat]

I'm selling this hot love for you
And for you I'll give it away
I know you'll need it every day
Today and tonight
I'm selling this hot love for you
And for you I'll give it away - hey
Why won't you be no more of you tonight

Hot love will burn
Hot love will burn your heart
Hot love will burn
Hot love will burn your heart

CALIFORNIA MAN

Going to a party
Meet me on after school
And we're going to a place where the fun is really cool
And if the band stop playing, there's a juke box down the hall
And with your blue jeans on, your folks are all gone
Someplace you got the ball

Get that real guitar boy strakin'
I'm a California Man

Down right on 'til the fumes are breaking
I'm a California Man
And I walk my name on land
This woman she's a walking on road
And I don't care if her legs start walking
I'm a California Man

And my legs is after when I hear you call my name
And my fumes stop a breaking and my old time's breaking out
When my feet start to fly in the long strong way I know
You know I'm back on my hands and it's walking me that like the thing
of that's that

Get that real guitar boy strakin'
I'm a California Man

Down right on 'til the fumes are breaking
I'm a California Man
And I walk my name on land
This woman she's a walking on road
And I don't care if her legs start walking
I'm a California Man

I'm a California Man

Going to a party
Meet me on after school
And we're going to a place where the fun is really cool
And if the band stop playing, there's a juke box down the hall
And with your blue jeans on, your folks are all gone
Someplace you got the ball

Get that real guitar boy strakin'
I'm a California Man

Down right on 'til the fumes are breaking
I'm a California Man

And I walk my name on land
This woman she's a walking on road
And I don't care if her legs start walking
I'm a California Man

STOP THE GAME

And I can't stop the music
I could stop it before
Now I don't wanna hear it
Don't wanna hear it no more, no more

"I can't stop the music

Now I don't wanna hear it
Don't wanna hear it no more

"Oh I wanna do it stop this game

Is all I want before
The cheapest, you didn't
Don't wanna see you no more

And you were lookin' just another, that's all
It's just another, wasn't make it all

No more, no more, no more

And met a million girls
But I never learned to walk yet
You're just more than anyone else
And I want you more than anything

(Chorus)

Come I know what I want
And I know how to get it
I know what I want
And I know how to get it
I know what I want
And I know how to get it
From you, from you

"I know I've loved you - I had
A dream about you
We were walking hand in hand
We were talking 'bout love

"It was love at first sight
When I looked into your eyes
I was blinded by the feelings
In my heart

GONNA RAISE HELL

Come into hell - gonna raise hell
Come into hell - gonna raise hell

Anything I do

If all I've been is love
There's nothing much I can do
To change the world - it's inevitable
But I want to better
It's just love that needs
Of something inevitable

(Chorus)

Come into hell - gonna
raise hell - gonna raise hell
Come into hell - gonna
raise hell - gonna raise hell

Now I want to raise some
And I want to sound
But a heart's a heart is a heart
You really never know
The really means go
There's only two things
you're got to do

(Chorus)

Whisper, whisper, whisper

DAT TRIPPER

Get a good reason

For when' the way way out
Get a good reason
For when' the way way out, now

It's was a day tripper

One way ticket push
It took me so long to feel out
But I found out

It's a big reason

The road was half the way there
It's a big reason
The road was half the way there now

It's was a day tripper

Ready when you
It took me so long to feel out

Try to please her

The only place you-right stands
Try to please her
The only place you-right stands now

[* Repeat]

Day tripper push, day tripper push
Day tripper push
Day tripper, day tripper
Day tripper, day tripper
Day tripper, day tripper
Day tripper, day tripper push
