Hard On Me

Sitting on my hands in the corner
So screwed up I can't get
out of my chair
You're just sitting over
there
Looking at me
Hoping that I'm going to
come there

Don't be hard on me
Don't start thinking that
I'm easy
Don't be hard on me
Don't start thinking that
I'm easy
Don't leave me
Hard on me

I hope I'm gonna find me a
boyfriend
Who wants to spend some
Time on his knees
Cause just sitting over
there doodling at me
Money I'm begging you
Please

I'm the kind of girl
From a fuck up world
Men supposed to be my
friend

Well I'm the kinda girl
From a bad neighbourhood
But that doesn't mean I'm
no good

I'm the kinda girl
Who'll put up a fight
Go if you want to leave
It won't be for nothing
Well I'm only girl who'll
feel good

Now that it's understood
We treat a woman like a
good man should
You

We refuse to find I alone
Are the answer
But if you put the ques-
tions I'd give you one
And when I finally make my
decision

To go to you are you doing
together? What have
we be hard on me
Don't start thinking that
I'm easy

Don't be hard on me
Don't start thinking that
I'm easy
Don't leave me
Hard on me
Don't be
Hard on me
Hard on me

Sex Will Keep Us Together

I don't like you too much
But I love your touch
You treat me great
You treat me mean
Then you make me feel like
a queen

Nobody else will ever do
Cause that's I want
Only comes from you

I say we will keep us
together
Get us through all kinds
of weather

I love the way it keeps
getting better
I say we will keep us

together

See the world in different
ways

You're black and white I'm
shades of grey
But in the end
I just can't hide

We need for you is deep
in the
wise when we argue
when we fight

The best part is making up
at night
I say we will keep us
together

Get us through all kinds
of weather
I love the way it keeps
getting better

I say we will keep us
together

You always seem to get it
up when I'm down
That's why I'll always
keep you around

I say we will keep us
together
Get us through all kinds
of weather

And when we fight
It keeps getting better
I say we will keep us
together

I'm Jealous

You got a girl that looks
just like I would love you
I can't stand the challenge
of her
Having a piece of you

What can you do that I don't
What can you do that I won't
You can't be blind
You can't be blind
You can't be blind
You can't be blind
You can't be blind
You can't be blind

I'm Jealous
I'm Jealous
I'm Jealous, out of my mind

I come around and see you
I come around and see you
I come around and see you
I come around and see you
I come around and see you
I come around and see you
I come around and see you
I come around and see you

What can you do that I don't
What can you do that I won't
You can't be blind
You can't be blind
You can't be blind
You can't be blind
You can't be blind
You can't be blind

And it hurts
And it hurts right
in my heart
It's a bloody mess
I thought that you
were so sincere
You got what you wanted

And you got it out of here
I got a new girlfriend
Now I will love you
I can't stand the thought
of her
Having a piece of you
I'm Jealous
I'm Jealous, out of my mind
I'm Jealous, out of my mind
I'm Jealous, out of my mind

And it hurts
And it hurts right
in my heart
It's a bloody mess
I thought that you
were so sincere
You got what you wanted

For A Good Time

For a good time
For a good time
For a good time
For a good time
For a good time
For a good time
For a good time
For a good time

You better check your girl
You better check your girl
You better check your girl
You better check your girl
You better check your girl
You better check your girl
You better check your girl
You better check your girl

A good time
A good time
A good time
A good time
A good time
A good time
A good time
A good time

For a good time
For a good time
For a good time
For a good time
For a good time
For a good time
For a good time
For a good time

For a good time
For a good time
For a good time

And it hurts
And it hurts right
in my heart
It's a bloody mess
I thought that you
were so sincere
You got what you wanted

Open Windows

In the morning when I wake
The first thing that comes
to me
Is how a loving heart can
break
How I lay down at night
I pray my soul will keep
And I'll be faithful
To your mother's arms I'll
creep

Tearing and turning
I am burning
I am yearning to call your
name
In the morning
While I'm still yearning
A thought is haunting
Do you feel the same

Open windows of the mind
Get closer all the time
They want to draw me in
Soon I could be falling
Open windows of the past
A love that didn't last
Then I think of you
Soon I could be falling

I've been catching heat
I've been losing sleep
I can't find my feet
I've been on the street
I've been on the beat
Dancing cheek to cheek

I know it could be just
And I could lose your trust
And we could turn it out
And blow away
Is there more to this
Was it just a kiss
Or should I resist
These feelings and run away

Open windows of my mind

Get closer all the time
They want to draw me in
Soon I could be falling
Open windows of the past
A love that didn't last
Then I think of you
Soon I could be falling

Can't help myself
Can't help me
I'm falling

Underworld

Do you think you're winning
As you'll lose the fight
You're in the darkness
And you'll never see the
light
You won't sleep
You're in too deep
In your underworld

Stepping out, reaching up
That's your game
You play with fire
But you can't put out
the flame

It's your turn to get
burned
In your underworld

I will bury you if I will
Bury you
In your underworld
I will bury you
In your underworld

There's no chance for you
No sanctuary
There's no place to hide
You can't disappear from us
You can't run
To a place in the sun
You'll stay in your underworld

You won't run
You can't run
You can't run
We'll get done
You'll get done
You'll get done

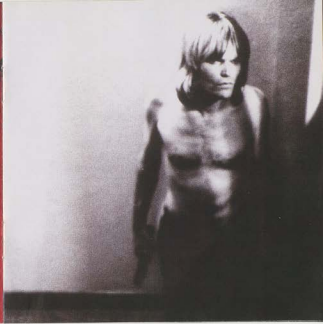

I will bury you
I will bury you

Your time is running out
That's for sure
They're gonna track you
down
Leave your back to the
wall

You can't run
You'll get done
In your underworld

I will bury you if I will
Bury you
In your underworld
I will bury you if I will
Bury you
In your underworld

Human On the Inside

I play a good game
But not good as you
I may be a little good
But you're in it all right
I'm not made of marble
I'm not made of stone
But I feel you feel'd enough
To get around

It felt like a war
Like you that has won
While I was confessing if
You felt your corpse
Now the damage is done

There's blood in these veins
And I cry when I'm alone
I'm only human on the inside
And though looks may deceive
Make it hard to believe
I'm only human on the inside
On the inside

I thought you'd come through
I thought you'd come clean
You were the best thing
I should have never have seen
Cause you go to extremes
You're a little far
The more you bring 'till you
Break my heart
And you break my heart

See I loved and I breathe
Oh, but what's it for you
I'm only human on the inside
And though looks may deceive
Make it hard to believe
I'm only human on the inside
Well, I crash and I burn
Maybe some day you'll burn
I'm only human on the inside
I'm stable, I ain't
Baby under 'til all right
I'm only human on the inside
On the inside

Now the damage is done

There's blood in these veins
And I cry when I'm alone
I'm only human on the inside
And though looks may deceive
Make it hard to believe
I'm only human on the inside
I crash and I burn
Maybe some day you'll burn
I'm only human on the inside
I'm stable, I ain't
Baby under 'til all right
I'm only human on the inside
On the inside

sometimes
See you're making enemies
While a whole, but someone
knows... now, because after a
while, maybe never.

Come Down To Earth

These days you're doing very
well
I care for me I can tell
I live in heaven
I live in hell
Come down to earth, angel

These days you're feeling very
fast
You treat me like I'm second
class
You try and love me by
air I won't let you pass

Come down to earth, angel
Come down to earth
Come down to earth

These days you seem to be on
a roll
No matter what the cost you
want
Watch that god
Well, the word is blasphemy
He like for the soul
Come down to earth, baby
Sometimes it's easier to dance

out
Pretend you don't love me,
Killer
You think you don't have to
pay your debts

Come down
Come down
Come down to earth

Come down
Come down
Come down to earth
I wish you could

I remember you,
Do you remember me?
And all the things
we were going to
do you remember
But I remember

These days you're doing very
well
I care for me I can tell
The word heaven
I want to you
Come down to earth, angel

These days you're feeling
faster
You don't treat me as
classmate
But I want to pass
Pass it on to her
Come down to earth, angel

Come down
Come down
Come down to earth

Come down
Come down
Come down to earth
Angel

sometimes
See you're making enemies
While a whole, but someone
knows... now, because after a
while, maybe never.

Sorry

You'll be sorry for those words
All of my anger in my hand
I could
Some day you'll be sorry
I shall be gone and you could
Be looking for me

I'm giving love new perspective
I'm giving you new directive
I'm giving love new perspective
I'm giving you new corrective

Some day you'll be sorry
Sorry as sorry
Some day you'll be sorry
Sorry as sorry

What you did hurt me bad
But love was the best we had
All of my love has turned to
Grief

I'm here today but gone
tomorrow

I'm giving love new perspective
I'm giving you new directive
I'm giving love new perspective
I'm giving you new corrective

All of my loving
All of my kissing
And seeing the things
You'll be missing
You'll be needing
You'll be bleeding
You'll be pleading
You'll be screaming
You'll be saying
You'll be feeling
You'll be feeling sorry

Some day you'll be sorry
Sorry as sorry
Some day you'll be sorry

Sorry as sorry

We can't go on this way
Does things gotta get
Does what may
I don't see that's working
Sorry
I could be gone
Don't wait up for me

Some day you'll be sorry
Sorry as sorry
Some day you'll be sorry
Sorry as sorry

Some day you'll be sorry
Sorry as sorry
Some day you'll be sorry
Sorry as sorry

Heart of Steel

You should know by now
We all learn and how
We all get through somehow
It's the natural thing that
Should be understood
It's the natural thing that
Should be understood

If you think that love is for
good
I tell you I'm the one who
misunderstood

If you think that love is for
real
You're gonna need a heart of
steel
You're gonna need a heart of
steel

We all learn somehow

We should have what it takes
To get through all our
mistakes
It's the natural thing that
Should be understood
Understood

If you think that love is for
good

I tell you I'm the one who
misunderstood

If you think that love is for
real

You're gonna need a heart of
steel

You're gonna need a heart of
steel

That's for real
That's for real

Direct you've been
I feel that my heart can't
carry on
I guess your goodbye
I should I would just lay
down & die

You better dry your eyes
You should've realized
But who am I to criticize
It's the natural thing
That should be understood
It's the natural thing that
Should be understood
Understood

If you think that love is for
good

I tell you I'm the one who
misunderstood

If you think that love is for
real

You're gonna need a heart of
steel

Save Me

When I'm looking back upon
My secrets I have held so
close
I think it's about time to
share
My booty with the one who'll

Save me
Save me today
Save me today
C'mon and save me

What've I nearly a woman
If I am innocent let be your
friend
My thoughts are yours and
shall be protected
My thoughts are yours
I can no longer pretend

When I'm looking back upon
My secrets I have held so
close
My treasure what I'd lay it
down
My secrets that I keep down
th

Save me
Save me today
Save me today
C'mon save me today

If I am the hunted I'll be
that name
If I am the hunter what
what's your name
If I am the prey then take me
quickly
Before I slip and fall away

Save me
Save me today
Save me today
C'mon and save me today

What've I nearly a woman

If I am innocent I'll be your
friend
My thoughts are yours and
shall be protected
My thoughts are yours
I can no longer pretend

If I am the hunted I'll be
that name
If I am the hunter then
what's your name
If I am the prey then take me
quickly
Before I slip and fall away

Save me
Save me today
Save me today
C'mon and save me today

Black Magic

Sometimes you're a thief
when you sneak
And you creep
And you break in and water
And throw me away

Sometimes you're a snake
So why don't you slither
Slither slither
And slide on over

Oh mysterious
So mysterious as
So mysterious
Oh yeah oh oh oh

Call it black magic
Black Black Black
Call it black magic
Or nothing at all

Sometimes you're a monkey
Then you're a monkey
I think you're so funny

You're driving me crazy
I'll see you back in the
mail

Oh mysterious
Mysterious mysterious
Mysterious mysterious

Call it black magic
Black Black Black
Call it black magic
Or nothing at all

I like it hot
Others do not
Some play it cool
Break all the rules
Some strike
Others bite
Some just do what they like

Oh mysterious
Mysterious
Are you religious
Oh yeah oh oh oh

Call it black magic
Black Black Black
Call it black magic
Or nothing at all

I like it hot
Others do not
Some play it cool
Break all the rules
Some strike
Others bite
Some just do what they like
Oh oh what you like

Mysterious
Save my Christine women
Save my Christine men women
Save my Christine
Save my Christine women
