

1. HEART TURNS TO STONE

(M. Jones/L. Grammi)
The days and nights you sit around wondering where can she be
You're hoping that she might appear, out of nowhere
But you fail to see
All the hurt inside, the wounded pride
Ooh what she went through for you
You cheated and lied, as her love slowly died
And her heart just broke in two
When she was with you, all along
Behind you right or wrong
She tried to hold on, hold on
But you went too far, and she's gone
And now it's over and her heart turns to stone
No time for pity, when her heart turns to stone
She cries a little as her heart turns to stone
She's that kind of woman
She'll do fine on her own
What you thought was a game
A game you were winning
Wouldn't go your way
Now you've lost what you had
And you're back to beginning
It's the price you have to pay
When she was with you all along
Behind you right or wrong
She tried to hold on, hold on
But you went too far and she's gone
And now it's over and her heart turns to stone
No time for pity when her heart turns to stone
She cries a little as her heart turns to stone
She's that kind of woman
She'll get by on her own
She hides the pain
But her heart turns to stone
No time for pity
When her heart turns to stone
She cries sometimes
As her heart turns to stone
She's that kind of woman
She'll get by on her own
Yeah it's over
And her heart turns to stone
Don't look for pity now
When her heart turns to stone
Listen to her cry
Listen to her cry
She's a woman now
Ooh it's a sad thing to see
To see a heart turn to stone
The heart of a woman
A heart turned to stone

2. CAN'T WAIT

(M. Jones/L. Grammi)
I've been on this road a long time
I've been travellin' for days
But it seems I'm getting nowhere
I just can't find my way
I've been following directions
But they must be out of date
And I can't, and I can't, and I can't, no I can't
Decide which road to take
See I've got to find my baby
'Cause we need to work things out
I've got to see that woman
I cannot do without her!
You know I can't wait, can't wait another moment
I can't wait, I can't wait another heartbeat
No I can't wait, can't wait another moment
I couldn't wait another heartbeat
I can't wait until midnight
And the nights go on forever
These days I get no sleep
And I miss her more than ever
Inside where love runs deep
Oh I know I'm going to find her
'Cause I'm following this star
And I can't, and I can't, no I can't turn back
Oh lord, I've come so far
And I know she'll whisper in my ear
'Bout all the things I've missed
She's got that way about her now
I never could resist
And now I can't wait, can't wait another moment
No I can't wait, I can't wait another heartbeat
I can't wait, can't wait another moment
I couldn't wait another heartbeat
I can't wait until midnight...
No I can't wait
I can't wait another moment
I couldn't wait another heartbeat
I can't wait until the midnight
Now I can't wait
No no no can't wait
Can't wait
No no no
Can't wait
etc.

3. SAY YOU WILL

(M. Jones/L. Grammi)
Say you will, say you won't
Make up your mind tonight
Say you do, say you don't
Wanna be mine
Say you will, say you won't
Make up your mind this time
Say you will, say you will
Be mine tonight
I can't sleep I keep dreaming I'm losing you
Feel so alone in the night, scared to open my eyes
I'm in too deep, I'm in over my head this time
Can't get you out of my mind no matter how hard I try
So won't you
Say you will, say you won't
Make up your mind tonight
Say you will, say you won't
Be my guiding light
Say you will, say you won't
Make up your mind this time
Say you do, say you do
You wanna be mine
I get the feeling I've never been here before
'Cause no one I've known's ever moved me the way
that you do
And I know this is the real thing
It's all I've been searching for
I've put it all on the line now I'm hoping you feel
that way too
(And if you do) why don't you
Say you will, say you won't
Make up your mind tonight
Say you do, say you don't
Wanna be mine
Now will you
Say you will, say you won't
Make up your mind this time
Say you will, say you will
You'll be mine tonight
(break)
Will you tell me how much I mean to you
Will you say you always will be true
I need more than a come on sign
So won't you say you will be mine
Now won't you say you will, say you won't
Make up your mind tonight
Say you will, say you will
Be my guiding light
Say you will, say you will
Make up your mind this time
Say you do, say you do
You wanna be mine

Come on come on
Say you will make up your mind tonight
Say you will, say you will
Be mine tonight

4. I DON'T WANT TO LIVE WITHOUT YOU

(M. Jones)
I find myself in a strange situation
And I don't know how
What seemed to be an infatuation
Is so different now
I can't get by if we're not together
Doh can't you see
Girl, I want you now and forever
Close to me
I'm longing for the time
I'm longing for the day
Hoping that you will promise to be mine
And never go away
I don't want to live without you
I don't want to live without you
I could never live without you
Live without your love
I ask myself but there's no explanation
For the way I feel
I know I've reached the right destination
And I know it's real
I'm longing for the time
I'm longing for the day
When I'll be giving you this
Heart of mine
Believe me when I say
I don't want to live without you
I don't want to live without you
I could never live without you
Live without your love
No I don't want to live without you
I don't want to live without you
I could never live without you
Live without your love
Now I don't want to live without you
I don't want to live without you
I could never be without you
Be without your love
I don't want to live without you
Live without your love
Live without your love
You see I'm lost without your love
Ooh...oh
Without your love

5. COUNTING EVERY MINUTE

(M. Jones/L. Grammi)
Gonna break these chains
Gonna set myself free
Gonna turn on the mains
Feel the power inside of me
Gonna burn all night—gonna burn all day
You'll see me coming
From miles away
Feel me in the air
Feel me all around you
Gonna show you how how I care
Teach you something new
I'm gonna take my time
Make love to you
Yeah I know I can satisfy you
That's what I intend to do
Now I'm counting every minute
Every single minute
I'm calling for you, honey
Come and get it while it's hot
Counting every minute
Doh I'm living it
I'll make every minute count
Give it everything I've got
Feel me getting closer
I'm almost there
Can you feel my fingers
Running through your hair
Can you feel my hands
Draw you closer to me
Can you hear that clock tick tick ticking baby
I'll soon be there to set you free
I'm counting every minute
Every single minute
Don't fool around come and
Get it while it's hot
Counting every minute
Doh I'm living in it
I'll make every minute count
Give it everything I've got
Counting every minute
Every single minute
I'm calling for you honey
Come and get it while it's hot
Counting every minute
Ooh I'm gonna give it
I'll give it to you honey
I'll give you everything
I've got
Yeah I'm counting every minute
Every single minute
Don't fool around come and
Get it while it's hot
Counting every minute
Baby don't be timid
I'll make every minute count
Give it everything I've got
Counting every minute
Counting every minute
Counting every minute
I'm calling for you honey
Come and get it while
It's hot
I'm counting
Every single minute
I'm waiting for you baby
Give it everything I've got

6. INSIDE INFORMATION

(M. Jones)
One man to the left
One man to the right
One man in the middle
One man dressed in white
One man in the east
One man from the west
One man in the middle
One man under house arrest
(I step back)
Get hooked on the power
Gotta stay in the game
Be the man of the hour
Gotta make a name for yourself
And the lady waits, so patiently
She waits for the call
She knows just what you need
You need inside, information
Information at a very high price
She gives you inside, information
That can change your whole life overnight,
In a minute
One man to the left
One man to the right
One man in the middle
Caught in the broad daylight
Just a man in the street
Another face in the crowd
One man on the beat
Wants everything that he's not allowed
And the lady waits, so patiently
She waits for the call
She knows just what you need
You need inside, information
She can get it at a very high price
A little inside, information

It can change your whole life overnight
With a little inside, information
You get money, you get power, you get it all
Yeah but that inside, information
Can leave you waiting for the hammer to fall
(Let it fall)
She gets that inside, information
Information at a very high price
With that inside, information
It's danger with each roll of the dice
You want that inside, information
Take the money, take the power, take it all
Take that inside, information
But get ready 'cause the hammer will fall
It's gonna fall
Inside, information
Inside, information
Is she telling you straight
Is she telling you straight
Is she telling you straight

You're such a crazy little pretty girl
How could I forget you
You tried to take me to another world
But I wouldn't let you
And the beat of my heart
If you listen closely now
To the beat of my heart
You won't be lonely
The beat of my heart
Better listen to me now
The beat of my heart
Calling you
H-o-m-e
Ooh the beat of my heart
You won't be lonely
You've been living in another world
Ever since I met you
Don't wanna treat you like a little girl
I know you better
And the beat of my heart
If you listen closely now
The beat of my heart
You won't be lonely
The beat of my heart
Better listen closely now
The beat of my heart
And it's calling you
H-o-m-e
Ooh the beat of my heart
If you listen closely now
For the beat of my heart
You'll find your way
H-o-m-e
Ooh the beat of my heart
Ooh the beat of my heart
It's calling you
H-o-m-e

Let it open the door
So we'll be standing—face to face
You never want to see me face to face
Think it over
Face to face
If only it could be just face to face
Baby you and me
Face to face
I may be better off without it
I can't go on this way
Time has come to talk about it
This is our judgement day
You know we swore that it would last forever
Always felt so sure that it would
But it's looking like it's now or never
Time to turn a bad thing into good
The words that echo in the night
They're fading away
And they're gone without a trace
Now it's up to you and me
Let's open the door
And meet each other—face to face
It's time we saw each other face to face
To talk it over
Face to face
You know it's gotta be just face to face
Baby you and me
Face to face
We gotta see each other—face to face
And talk about it
Face to face
Hope it ain't too late to meet face to face
Just you and me
solo
Face to face
It's time we saw each other face to face
To talk it over
Face to face
You know it's gotta be just face to face
Baby you and me
Face to face
We gotta see each other
Face to face
And talk about it
Face to face
I hope it ain't too late to meet
Face to face
Don't turn your back on me
Face to face
It's time we saw each other
Face to face
To talk it over

9. OUT OF THE BLUE

(M. Jones/L. Grammi/R. Williams/D. Elliott)
Not a lot of time to think today
It's almost over now
Didn't need it anyway
Guess I knew somehow
I feel love around me
And the feeling grows
As your love surrounds me
How was I to know
That straight out of nowhere
You'd come to me
Out of the blue
Into my heart
You came to me
Out of the blue
Into my heart
Never know what life can bring your way
You never learn
Over night, from day to day
Where our love's concerned
It was so hard to hold on
But I never let go
For so long, so hard to take
How was I to know
That right out of nowhere
You'd come to me
Out of the blue
Into my heart
You came to me
Out of the blue
Straight to my heart
Oh girl it was you
You came out of the blue
Into my heart
You came to me
Out of the blue
Straight to my heart
You came to me
Out of the blue
Into my heart
You came out of the blue
Into my heart
You came to me
Out of the blue
And into my heart
Out of the blue
Straight to my heart

10. A NIGHT TO REMEMBER

(M. Jones/L. Grammi)
I can't sleep tonight
I won't sleep tomorrow
I'm goin' deep and tight
I don't need no excuse
I feel mean tonight
One-eyed jacks and aces
Read 'em and weep tonight
I'm gonna let all hell break loose
I want drums like thunder
Gimme guitars that scream
One woman who can shake me
Yeah, be my love machine
I need a love machine
To keep my motor running
Upon the big wide screen
I wanna see it all
Yeah, we'll be lean and mean
We'll be synchronized together
Me and my love machine
We're gonna do it all
I want drums like thunder
Gimme guitars that scream
One woman who can rock me
Yeah my little love machine
We're gonna make tonight
A night to remember
We're going hard and strong
Again and again
Yeah we're gonna make tonight
A night to remember
Yeah we're gonna take tonight
Right to the end
I need drums like thunder
Gimme guitars that scream
One woman who can rock me
I need a love machine
We gotta make tonight
A night to remember
We're goin' hard and strong
Again and again
Yeah we're gonna make tonight
A night to remember
Yeah we're goin' for a night
A night without end
We gotta make tonight
A night to remember
We're goin' hard and strong
Again and again

We're gonna make tonight
A night to remember
Yeah we're gonna take tonight
Right to the end

7. THE BEAT OF MY HEART

(M. Jones/L. Grammi)
Ooh the beat of my heart
Ooh the beat of my heart
Always here
I'll be close to you
But you won't see me
On the street or underground
I'll be there somewhere
You can look around
You can listen out
But you won't find me
Beyond the shadow
Of a doubt
Oh I'll be there for you
You've been living in another world
Ever since I met you
Don't wanna treat you like a little girl
I know you better
The beat of my heart
If you listen closely now
To the beat of my heart
You'll find your way
H-o-m-e
The beat of my heart
You won't be lonely
Girl I'm here
And I'll always be
There when you need me
Close at hand
Never far away
I'll be there for you

8. FACE TO FACE

(M. Jones/L. Grammi)
We never talk to one another
We just disagree
I'm the one who runs for cover
And you turn your back on me
They say nothing's gonna last forever
But some things are worth fighting for
Yeah, well love could bring us back together
But love don't come round here no more
The words unspoken in the night
Locked away in my heart
And I'm feeling out of place
But if love is the key
