As you drift around the room tonight
Send in your best and best the light
Do you want my blood, do you want my tears
What do you want
What do you want from me
Should I sing until I can't sing any more
Should I stand out in the rain
Should I sing until my fingers are raw
Should I stand so hard to please
What do you want from me

Do you think that I know something you don't know
What do you want from me
If I don't promise you the answers would you go
What do you want from me
Should I stand out in the rain
Do you want me to make a daisy chain for you
I'm not the one you need

What do you want from me
You can have anything you want
You can drift, you can dream, even walk on water
Anything you want

You can own everything you see
But your soul for complete control
Is that really what you need
You can lose yourself the night
See inside there is nothing to hide
Turn and face the light

What do you want from me

POLES APART

Did you know . . . it was all going to go so wrong for you
And did you see it was all going to be so right for me
Why did we tell you then
You were always the golden boy then
And that you'd never lose that light in your eyes

Hey you . . . did you ever realize what you'd become
And did you see that it wasn't only me you were running from
Did you know all the time but it never bothered you anyway
Leading the blind while I stared out the steel in your eyes

The rain fell slow, down on all the roofs of uncertainty
I thought of you and the years and all the sadness fell away from me
And did you know . . .

I never thought that you'd lose that light in your eyes

A Great Day for Freedom

On the day the world was young
They threw the bones of yesterday
And with glasses held in hand
A toast to the day had begun

On the day the world was young
The Ship of Freedom sailed
From the shores of yesterday
Down to us on the paper days of today

It seemed you had left my side
In the months, not even pride
And even though you needed me
It was clear that I could not do a thing

Now life divides day by day
The night and twilight are long
And I have a change of heart
With the regret, cannot be wrong

Dear friends, still life, dark words
While nations bleed, they bleed hands
Of loyalty, and the shades of grey

I wake to the sound of drums
The night is dead, the morning sun streamed in
I wake and I looked at you
And the first decision you had slipped away . . . slipped away

WEARING THE INSIDE OUT

From morning to night I stayed out of sight
Didn't recognize I'd become
No more than alive I'd barely survive
In a word ... overcast

We'll hear a sound
From my mouth
I've spent too long
On the inside out
My skin is cold
To the human touch
This bleeding heart's
Not beating work

I measured a year of silence and now
I don't even hear when I think aloud
Satiated by light I turn on the night
Meet its darkness with an empty smile

I'm creeping back to life
My nervous system all awry
I'm wearing the inside out

Look at him now
He's pale as snow
But he's coming round
He's starting to choke
It's been so long since he spoke
Well he can have the words right from my mouth

And with these words I can see
Clear through the clouds that covered me
Just give it time then speak my name
Now we can hear ourselves again

I'm holding out
For the day
When all the clouds
Have blown away
I'm with you now
Can speak your name
Now we can hear
Ourselves again

Music: Wright Lyrics: West

He's curled into the corner
But still the screen is flickering
With an endless stream of garbage to
... cover the place
In a sea of random images
The self-destructing animal
Waiting for the waves to break

He's standing on the threshold
Caught in fiery anger
And hurled into the furnace he'll
... cover the place
He's torn in all directions
And still the screen is flickering
Waiting for the flames to break

TAKE IT BACK

Her love rains down on me easy as the breeze
I listen to her breathing it sounds like the waves on the sea
I was thinking all about her, burning with rage and desire
We were spinning into darkness, the earth was on fire
She could take it back, she might take it back some day
So I spy on her, I lie to her, I make promises I cannot keep
Then I hear her laughter rising, rising from the deep
And I make her prove her love for me, I take all that I can take
And I push her to the limit to see if she will break
She might take it back, she could take it back some day
Now I have seen the warnings, screaming from all sides
It's easy to ignore them and God knows I've tried
All of this temptation, it turned my faith to lies
Until I couldn't see the danger or hear the rising tide
She can take it back, she will take it back some day
She can take it back, she will take it back some day
She will take it back, she will take it back some day

Coming Back To Life

Where were you when I was broken and broken

While the days slipped by from my window morning

Where were you when I was lost and I was helpless

Didn't the things you say and the things you do surround me

While you were bringing yourself no business that's yours

Okay to believe he said you loved

I was crying tonight and the morning too

I was in thought and the morning too

How the pain of the morning and the night was the same

And the night was the same

How the morning and the night was the same

I was in thought and the morning too

I was in thought and the morning too

How the morning and the night was the same

I was in thought and the morning too

I was in thought and the morning too

How the morning and the night was the same

I was in thought and the morning too

How the morning and the night was the same

*For millions of years mankind lived just like animals
Then something happened which unlocked the power of our imagination
We learned to talk*

There's a silence surrounding me
I can't seem to think straight
I'll sit in the corner
No one can bother me
I think I should speak now
I can't seem to speak now
My words won't come out right
I feel like I'm drowning
I'm feeling weak now
But I can't show my weakness
I sometimes wonder
Where do we go from here

*A silence I have to be like this
All we need to do is make sure we keep talking*

Why won't you talk to me
You never talk to me
What are you thinking
What are you feeling
Why won't you talk to me
You never talk to me
What are you thinking
Where do we go from here

*A silence I have to be like this
All we need to do is make sure we keep talking*

KEEP TALKING

Why won't you talk to me
You never talk to me
What are you thinking
What are you feeling
Why won't you talk to me
You never talk to me
What are you thinking
What are you feeling

I feel like I'm drowning
You know I can't breathe now
We're going nowhere
We're going nowhere

Music: Simon Wright Lyrics: Simon Bonner

LOST FOR WORDS

I was spending my time in the doldrums
I was caught in a cauldron of hate
I felt persecuted and paralysed
I thought that everything else would just wait

While you are wasting your time on your enemies
Engulfed in a fever of spite
Beyond your tunnel vision reality fades
Like shadows into the night

To martyr yourself to caution
Is not going to help at all
Because there'll be no safety in numbers
When the Right One walks out of the door

Can you see your days blighted by darkness?
Is it true you beat your fists on the floor?
Stuck in a world of isolation
While the ivy grows over the door

So I open my door to my enemies
And I ask could we wipe the slate clean
But they tell me to please go fuck myself
You know you just can't win

Music: Glasser Lyrics: Glasser/Tamara

POETRY

Beyond the borders of the grass we find where we were young
In a world of swallows and miracles
Our thoughts strayed endlessly and without ceremony
The rigging of the dream left her legs

proof the long road and no down the Country
So they will meet there by the light

There was a ragged road that followed by our footsteps
Spending before this road our dreams were
Spending the spiritual small wonders trying to fit us in the ground
In a life surrounded by their story

The grass was greener
The light was brighter
The trees were sweeter
The signs of wonder

Spending beyond the borders of a life we grew behind us
In a glimpse of how grass it was to the other side
Spending ideas for words but remembering each night
Dragged by the force of some inner tide

In a higher altitude with few references
We reached the story heights of the dream of world

Countdown forever by death and ending
There's a hunger with satisfaction
Our weary eyes will stay in the picture
Though there the rest we've been so many times

The grass was greener
The light was brighter
The trees were sweeter
The signs of wonder
With friends surrounded
The days were glowing
The water flowing
The endless river
Forever and ever
